- The size of the homes range from 2,621 to 13,414 square feet.
- Addresses of the homes will be available on June 7 and can be found at uvparade.com, on the Utah Valley Parade mobile app, or on the map inside the Parade of Homes magazine.
- In 2017, more than 25,000 people attended the Parade of Homes.
- The first Utah Valley Parade of Homes took place in 1977.
- In connection with the event, Osmond Designs and Central Bank—the two Title Sponsors of the Utah Valley Parade of Homes for 2018—are holding giveaways. Osmond Designs is giving away a Designer Brand sofa valued at \$3,500, while Central Bank is offering a \$450 appraisal credit and other prizes. More information regarding these giveaways can be obtained from the respective sponsor.
- UVHBA distributes scholarships to students majoring in construction management at BYU, UVU and Snow College.
- For more than 10 years in a row, the Utah Valley Parade of Homes featured homes built and sold to benefit students at Brigham Young University and Utah Valley University. These homes were referred to as a 'Cougar Home' or a 'Wolverine Home' respectively. All proceeds of the homes were used for student scholarships.
- This year's parade does not feature a Cougar Home or Wolverine Home; the next home of this nature is scheduled to be built beginning this fall, with the intention of showcasing the home in the 2019 parade.
